

**Rajamangala University of Technology Lanna Regulations
for a Bachelor's Degree
B.E. 2551**

According to Rajamangala University of Technology Lanna Act B.E. 2548, Rajamangala University of Technology Lanna aims to operate with effective education management which brings conformity to society. Thus, Rajamangala University of Technology Lanna regulations for a Bachelor's Degree B.E. 2551 is legislated.

By virtue of Rajamangala University of Technology Lanna Act B.E 2548, Chapter 17 (2) and the resolution of the University Council of Rajamangala University of Technology Lanna, in the 5th meeting (3/B.E. 2551) on March 28, 2008, the regulations are enacted as follows:

- | | |
|------------|-------------------------------------|
| Section 1 | General |
| Section 2 | Admissions |
| Section 3 | Education System |
| Section 4 | Registration |
| Section 5 | Student Leave Regulations |
| Section 6 | Faculty and Program Transfers |
| Section 7 | Credit Transfer |
| Section 8 | Educational Evaluation |
| Section 9 | States of Student Dismissal |
| Section 10 | Registration for Non-Students |
| Section 11 | Graduation Request and Registration |
| Section 12 | Honors Degree and Medal |
| Section 13 | Transitory Provisions |

Section 1

General

Item 1 These regulations shall be called “Rajamangala University of Technology Lanna Regulations for a Bachelor’s Degree, B.E. 2551”

Item 2 These regulations shall come into force and effect from the day following the date of their publication.

Item 3 These regulations shall repeal previous regulations, rules, and announcements.

Item 4 In these regulations:

“University” means Rajamangala University of Technology Lanna.

“University Council” means the University Council of Rajamangala University of Technology Lanna.

“President” means the President of Rajamangala University of Technology Lanna.

“Vice President” means the Vice President of Rajamangala University of Technology Lanna.

“Dean” means the Head of academic units who is responsible for education management of Bachelor’s degrees, including the Head of other equivalent units.

“Faculty” means the unit which is responsible for education management of Bachelor’s degrees, including other equivalent units.

“Faculty Committee” means the Committees of each Faculty under Rajamangala University of Technology Lanna, appointed by Rajamangala University of Technology Lanna Act B.E 2548, Chapter 37

“Department”	means the department which is responsible for education management in each faculty, including other equivalent units.
“Head of the Department”	means the Head of the department who is responsible for education management in each faculty, including other equivalent units.
“Advisor”	means a lecturer in a faculty who is assigned by the Dean to be in charge of advising, following up on students’ learning progress, counselling, and monitoring students’ behaviors, as well as taking charge of planning programs for students.
“Lecturer”	means a person who is responsible for teaching courses in a Bachelor’s degree.
“Student”	means a person who studies a Bachelor’s degree at Rajamangala University of Technology Lanna.
“Program”	means programs of each curriculum provided in each semester, approved by the University Council, Dean and Vice President
“Campus”	means Rajamangala University of Technology Chiang Rai, Tak, Nan, Phitsanulok, and Lampang.
“Education division”	means Education division in the campus of Chiang Rai, Tak, Nan, Phitsanulok, and Lampang.
“Office of Academic Affairs and Registration”	means Office of Academic Affairs and Registration of Rajamangala University of Technology Lanna.

Item 5 The President shall take charge and control of these regulations, and shall have the authority to decide and interpret, as well as issue announcements in conformity to these regulations. The interpretation of the President is considered the final decision. However,

the President's final decision must not oppose the higher education standards framework of the Office of the Higher Education Commission.

Section 2

Admissions

Item 6 Eligible applicants should have the following qualifications:

6.1 Have hold qualifications which meet the criteria of the program;

6.2 Must not be a person of unsound mind or suffer from diseases which might hinder academic success.

6.3 Not being a person who behave violently or awkwardly.

Item 7 The selection process is based on the admission rules for a Bachelor's degree of the University or other selection process specified by the university.

Item 8 The accepted applicants will be granted student status once they have been registered and issued a student identification card by (from) the University. Issuing of a student identification number shall conform with the University announcement.

Section3

Education System

Item 9 The University has arranged the following education system:

9.1 The University arranges education through collaboration among faculty and academic departments. Faculty and academic departments are responsible for providing the education within their fields to every student in the University.

9.2 The University arranges the normal educational terms using a semester system. Each academic year will be divided into 2 semesters which are the compulsory educational terms; the first semester and the second semester. Each semester must have at least 15 weeks excluding examination times.

The University may arrange the educational term using a trimester system consisting of three educational terms with at least 12 weeks per term. This arrangement must be

based on the study hour per credit semester system and requires approval from the University Council.

9.3 The University may arrange a summer term which is a non-compulsory educational term. The term will consist of at least 6 weeks including the examination time. However, the study hour of each subject must be equivalent to the normal educational term.

9.4 Each subject will designate credit according to the following guidelines:

9.4.1 A Lecturing subject must use 1 lecture hour per week throughout the normal semester or the total of lecture hours must not be less than 15 hours to be counted as one credit.

9.4.2 A Practicing subject must use 2-3 hours per week throughout the normal semester or the total of 30-45 practicing hours per term to be equivalent to one credit.

9.4.3 Work training or field training which spends at least 75 hours for a normal semester is counted as one credit.

9.4.4 Project assignments or other activities must be at least 45 hours per Normal semester to be counted as one credit.

9.4.5 For some other specific subjects, the University may assign credit using other criteria based on suitability.

9.5 Students must study for at least 80 percent of the total study time for each subject during the normal educational term in order to be permitted to take the final examination for that subject. If the student does not have enough study time due to unexpected causes, they must have permission to take the examination from that faculty's dean or the University Vice President.

9.6 The schedule and rules of the examination will follow the University announcement.

Section 4

Registration

Item 10 Students must register follow the University registration regulations as follows;

10.1 Students must register within the time given (specified) by the University.

10.2 Registration for any subject, students must receive (get) permission from their advisor and must follow the faculty and program regulations. If students violate the regulations, their registration will be voided.

10.3 For the Normal semester registration, student must register for at least 9 credits but not exceeding 22 credits. The registration for the summer semester cannot exceed 9 credits. Unless the program of study stated otherwise, the registration must follow the program.

10.4 In case that the student individually want to register for more than 22 credits (but not exceed 25 credits) or less than 9 credits, students must receive (get) permission form the advisor and curriculum chairman, and additionally must receive the approval from the faculty dean or the University Vice President.

10.5 Registered students who, according to the University announcement, have been dismissed due to low grade point average (GPA) in the previous semester will have their registration and student status voided. In this case the student is eligible to have the education fee, tuition fee, and university fees that have been paid in the voided semester refunded. The student must submit the petition within 90 days after the University announcement. The petition must be approved from the faculty dean or the University Vice President before submission.

10.6 Students must register and pay the tuition fee within the time that the University specifies for the normal semester. If student pay the tuition fee later than the deadline, students must pay the extra fee according to the University announcement.

10.7 The University will not allow students to register beyond 10 days after the end of the registration period. The counted time will start after the last day of the registration period. However, the University President has the authority to approve late registration for individual cases.

10.8 If the student does not want to register for the normal semester, but does not want to withdraw from the University, the student must submit a petition for study leave to the faculty dean or the University Vice President. However, the student must pay the

university fee in order to maintain their student status within 30 days after the semester commences. If the student does not comply with this regulation, the University will void their student status.

10.9 Students who register to study in the summer semester must pay the tuition fee within the period specified by the University. Non-registered students are not allowed to study during that semester and unpaid registration will be voided.

10.10 The University President has the authority to permit the dismissed students to re-register according to regulation number 10.8 if there is reasonable evidence to do so. In this case, the time that the dismissed student was not registered will be counted as leave time. Leave time granted must not exceed one year after the University voided the dismissed student's name from the official University student list. The dismissed student has to pay the university fee for study leave, student status reinstatement fees, and other fees.

10.11 The regulations for co-operative education subjects will comply with the University announcement.

Item 11 In the case of having sufficient reason, the University has the authority to cancel or limit enrollment for any subject which has already commenced. This decision must be made within the first 2 weeks of the normal semester's commencement date or the first weeks of the summer semester's commencement date.

Item 12 For prerequisite registration, students must pass the compulsory subject before registering for prerequisite subjects or else registration of that prerequisite subject will be voided. In the case of the program having other regulations, students must follow those program regulations.

Item 13 The University has the policy for cross campus registration as follows:

13.1 Students are eligible for cross campus registration without credit for the sake of gaining increased knowledge and experience.

13.2 Students who require cross campus registration for credit must have the course or courses compared. All courses compared must be equivalent to those in the university. The curriculum chair holds responsible in course comparison by considering based on the course content and credit. The approval of the cross campus

register is under the authority of the dean or the University Vice President where the student has enrolled.

13.3 The students who require cross campus registration have to submit the petition to the dean or the University Vice President of the campus where the student has studied within the given period according to regulation 14.1. After approval, the student has to pay the fee before the cross campus registration is complete.

Item 14 Adding or changing or withdrawing subject or subjects must follow this procedure:

14.1 Adding or changing subject or subjects must be done within the first 2 weeks of the normal semester commencement date or the first weeks of summer semester commencement date.

14.2 Withdrawing subject or subjects must follow these guidelines:

14.2.1 In case subject or subjects withdrawal is done within the first 2 weeks of the normal semester or the first weeks of summer semester, the withdrawn subject or subjects will not be shown on the transcript.

14.2.2 In case subject or subjects withdrawal is done after the first 2 weeks of the normal semester but still within 12 weeks of the normal semester, or after the first week but still within 5 weeks of the summer semester, the student must receive consent from their advisor and the withdrawn subject or subjects will be shown on the transcript with a grading of "W".

14.2.3 When the withdrawal period as stated in regulation number 14.2.2 ended, the withdrawal for specific subject or subjects is not allowed..

14.3 Adding or withdrawing subject or subjects that respectively results in the total amount of credits higher than or less than that stated in regulation number 10.4 is not allowed. Violating this regulation will void such adding or withdrawing. Except if the reasonable explanation is established and approval from the University President is granted prior.

Section 5

Student Leave Regulations

Item 15 Sick leave or Business leave

Sick leave or Business leave which is less than 7 days must be informed to and approved by a lecturer or lecturers. In case the leave exceeds 7 days, such the case must be passed to the advisor and must be approved by the dean or the vice president.

Item 16 Study leave during the semester

16.1 Study leave means student leaves from study for the specific semester. In case that the student has registered, all the registered subject or subjects will not be shown on the transcript. Unless, the study leave is done after the 12th week of the normal semester or the 5th week of the summer term, all the registered subject or subjects will be listed on the transcript with grading of "W".

16.2 Petition for study leave must be submitted to the dean or vice president.

16.3 Student who requests study leave must submit the request form to the dean or the vice president in order to get the permission for study leave. Study leave can be requested for not beyond 2 semesters consecutively for these cases ;

16.3.1 Recruited for military service.

16.3.2 Receive an exchange scholarship or any other scholarship which the university considers to support.

16.3.3 Suffer from accident or illness which results student to leave under the doctor's order for the period exceeding 20 percent of the total study period. The medical certificate must be shown for this case.

16.3.4 Subject to personal necessity. For this case, the student who requests study leave must have enrolled and have been studying in the university for at least 1 year.

16.4 For the first semester of enrollment, study leave is not allowed unless approved by the university president.

16.5 Study leave is not allowed beyond 2 normal semesters consecutively unless approved by the university president.

16.6 Student who requests for study leave must pay the fee for retaining the student status for every semester that requested study leave approved. In case of violating this

regulation, the student will be dismissed. This is except for the semester that the registration fee, tuition fee or other fee has already been paid for which is non-refundable. The student must not pay the fee for study leave.

16.7 Period of study leave for any circumstances is not counted as the reason to extend the study period beyond double of the period stated in the program. The period of study is counted since the enrolment had been done. This is except for the student who requests study leave under 16.3.1.

Item 17 Resignation

Student may request to resign from being a student of the university. The resignation request form must be submitted to the faculty which the student belongs. The student must not have unpaid debt to the university. The resignation request form must be approved by the dean or the vice president.

Section 6

Faculty and Program Transfers

Item 18 Students wishing to transfer to another program or faculty within the same university campus

18.1 Students who wish to transfer to another program or faculty must receive an approval from the dean or the vice president.

18.2 For the transfer, students must submit a petition to the dean or the vice president no later than 30 days before the first day of announced registration period for the semester in which they wish to resume studies in their new academic program. Moreover, the academic records and course descriptions of the former program must be sent to to the new academic unit.

18.3 Students who wish to transfer to a new faculty must also request permission from the dean or the vice president of said faculty. In doing so, student qualification must comply to the new faculty's criteria.

18.4 Students who have been granted an approval to transfer to a new program or faculty will receive their transferred credits according to the criteria in Section 7.

Item 19 Students of the same degree level wishing to transfer to another university campus

19.1 At the time of their request, students must have studied in the previous campus for at least two semesters, excluding any leave semesters granted or ordered. Their grade point average should not be less than 2.00.

19.2 Such a transfer is possible only for students wishing to transfer into the same program and major at another campus.

19.3 Students who wish to transfer to another university campus must first have been granted approval from the vice president of their current university campus as well as the vice president of their desired campus.

19.4 For the transfer, students should submit a petition to the vice president of their university campus at least 30 days before the first day of registration period of the semester in which

they would like to resume studies in their new location.

19.5 The grade point averages per semester from the former university campus shall be calculated and then taken into account for the final average grade upon program completion.

Item 20 Students wishing to transfer from another university

20.1 The university may accept those transfer students from other domestic or international universities who have been approved by the Higher Education Committee or the Vocational Education Committee.

20.2 Students need to have at least two semesters of study at their previous university (excluding granted or ordered semester leaves), and they should possess a grade point average of no less than 2.25.

20.3 The transfer request must be approved by the dean or the vice president, as well as the president of the university campus that the student wishes to transfer to.

20.4 The petition for the transfer should be sent to the university at least 30 days before the first day of registration period of the semester which the student wishes to

resume studies. They must also contact their previous institution or campus to send the transcript and course descriptions from the previous program directly to the university.

20.5 Grades of the students from other institutions shall be transferred according to the process in Section 7.

Section 7

Credit Transfer

Item 21 Any individuals who ask for credit transfers (requesters) must be registered (enrolled) students of

the university.

Item 22 The Dean or Vice President must appoint at least three credit transfer committees who have qualifications related to the educational level and major in question, in order to conduct the credit transfer according to the curriculum and in accordance with the criteria and rules of the faculty which the subject in question belongs to.

Item 23 The role of the committees of credit transfer is to conduct the credit transfer by evaluating knowledge, skills, and experiences according to the criteria and related evaluation process and rules of the faculty

Item 24 The student who asks for the transfer must have the remaining time to study in the university for at least one academic year.

Item 25 The fee for credit transfer shall be declared by the university

Item 26 The Dean or Vice President has the right to determine if a credit transfer will be approved.

Item 27 Credit transfer system

27.1 Credit transfer for students who changed their curriculum or faculty within the university;

27.1.1 The credit transfer process must be initiated within the first 30 days of the academic year. Exceeding period of the first 30 days, the right to ask for

credit

transfer is forfeit. Upon requesting the transfer, requesters shall also be informed of the amount of further subjects and credits required until graduation.

27.1.2 The content and objective of the former subject to be transferred must contain at least 75% of the subject in the curriculum, in accordance with the faculty criteria and regulations.

27.1.3 The overall number of credits for all transferred subjects must not account for over 75% of the total credits of the curriculum.

27.1.4 Grade of the subject to be transferred must be above or equal to grade level C or equivalent.

27.1.5 The study record and evaluation will not include the transferred credits; however, they will be remarked as "TC" (Transfer Credits) in the transcript.

27.1.6 In the case that the university has approved and opened a new curriculum, any students wishing to have the study record transferred will not be allowed to transfer into years and

semesters higher than those of the students already studying in said curriculum.

27.2 Students from other universities or institutions of higher education accredited by the Office of the Higher Education Commission (OHEC) or the Office of the Vocational

Education Commission (OVEC) will be able to resume their studies at the university within

three years after the date of their withdrawal from the former institution and also have the right to transfer their credits in accordance with Item 27.1.

27.3 Credit transfer for students from other educational institutions

27.3.1 The university may accept students from other institutions of higher education accredited by the OHEC or the OVEC

27.3.2 Student transfer must be approved by the Dean or Vice President of the academic unit which student enrolls to study, as well as the President, in accordance with the criteria of the faculty.

27.3.3 The transfer request must be filed and submitted at least 30 days before the first day of semester registration, and the student must have the study record

and the course description from the former institution ready for the transfer request submission.

27.3.4 Credit transfer must adhere to the criteria given in 27.1.

Item 28 Credit transfer from non-formal or informal education into formal education

28.1 The criteria of credit transfer from non-formal or informal education into formal education are as follows:

28.1.1 Knowledge to be transferred will be evaluated by using a standardized test, a non-standardized test, an evaluation of education or training held by organizations, and a portfolio evaluation.

28.1.2 The evaluated knowledge will then be determined for each subject or subject group in the university curriculum. The overall subjects to be transferred must not account for over 75% of the total credits of the curriculum.

28.1.3 For each relevant subject or subject group in a major, said major must set the procedure and conduct the evaluation, which must be assessed as above or equal to grade level C.

28.1.4 The transferred credits will not be considered in the semester grade point average or cumulative grade point average; however, they will be remarked as Prior Learning Credits at the upper part of the transferred subject in the transcript. If necessary, the university has the authority to evaluate the knowledge of the requester.

28.2 The study record must be determined as follows:

28.2.1 "CS" (Credits from Standardized Tests)

28.2.2 "CE" (Credits from Examination)

28.2.3 "CT" (Credits from Training)

28.2.4 "CP" (Credits from Portfolio)

28.3 The results of the transfer according to Item 28.2 will be recorded in the end

of each subject or the subject group where the transferring criteria have been approved. This is except for the

curriculum that is controlled by its professional association which the grade level of the transferred subject needs to be included for GPA in order to request a Professional License, the subject will be remarked as “PL” (Prior Learning) in a transcript

28.4 Each faculty shall announce a guideline for the procedure of credit transfer from non-formal or informal education into formal education.

28.5 This credit transfer section does not apply to Extra Education Management (Special Education Management).

Section 8 Educational Evaluation

Item 29 Students must be evaluated in each course and every semester. Educational evaluation is conducted according to the following scale:

Grade	Score	Definition
A	4.0	Excellent
B+	3.5	Very good
B	3.0	Good
C+	2.5	Fairly Good
C	2.0	Fair
D+	1.5	Poor
D	1.0	Very Poor
F	0	Fail
W	-	Withdraw
I	-	Incomplete
S	-	Satisfactory
U	-	Unsatisfactory

Au	-	Audit
----	---	-------

Item 30 The grades (A, B+, B, C+, C, D+, D, F) are given based on the following criteria:

30.1 The students must take an examination or submit course work.

30.2 The grade replaces the “I” (incomplete) status after assignments or exams are completed.

Item 31 A student may receive grade “F” (fail) based on the following criteria:

31.1 The student had been absent from the class for less than 80% of the class in each semester.

31.2 The student breaks a university or examination regulation.

Item 32 A student may receive grade “W” (withdraw) based on the following criteria:

32.1 Serious illness makes the student unable to take an examination, allowing them to request sick leave by submitting a doctor’s certificate to the Dean or Vice Dean and their lecturer.

32.2 The student takes leave after week twelve of a regular semester or week five of a summer course.

32.3 The Dean and Vice Dean allow the replacement of a grade I (see below) due to the student’s illness or accident.

32.4 In audit courses (AU), the students who attend the class for less than 80% of the time shall receive the grade W.

Item 33 When unfinished course work leads to incomplete total scores, grade “I” (incomplete) will be given. The lecturer must identify the reasoning for giving grade I as one of the following:

33.1 The student has been hurt or in an accident, but has attended 80% of the class, in which case the grade will be approved by the Dean or Vice dean.

33.2 The student has not completed their project, but the lecturer views it as appropriate to wait.

Item 34 Students may amend grade I by contacting the university within five days after the grade announcement. The grade will then be changed within 15 days. If a student fails to contact the university by this deadline, they will receive grade F by default.

Item 35 A student may have grade I amended based on the following criteria:

- 35.1 Students have completed 80% of the time of study throughout the semester but have not taken the exam due to illness or force majeure and have been approved by the dean or vice dean. In such a case, the change of grade level is according to the educational measurement and evaluation criteria.
- 35.2 When the instructor and the head of the program deems it appropriate to wait for the result of the study because the student has to work as a component of the study in that course without the fault of the student, in this case, changing the grade to get the grade according to the assessment and evaluation criteria, but if it is the student's fault, then changing the grade I to no higher than C.

Item 36 A student may receive grades "S" (satisfactory) and "U" (unsatisfactory) based on the following criteria:

- 36.1 In courses that are not assessed as having a grade A, B+, B, C+, C, D+, D, F
- 36.2 The student has registered for a class that requires only S- and U-level.

Item 37 An advisor may suggest for a student to take extra courses for their benefit; said courses may require grade AU (Audit) based on the following criteria:

- 37.1 The student receives grade AU if their attendance in the course has surpassed 80% and they have fulfilled the course requirements; however, they will receive grade W if they do not fulfill all requirements.
- 37.2 Credit from classes that do not require grade AU shall not be included in the total credit.
- 37.3 Should the students wish to receive credit from a class that does not require grade AU, they can register for it again.

Item 38 The average score shall be calculated based on the following criteria:

At the end of each semester, the university will calculate the average scores for each subject based on the sum of students' total credit in the semester, including summer courses. There are two types of average scores:

- 38.1 The average score that is calculated for each individual semester: This average score is calculated by multiplying each subject score with the number of credits earned in said subject and then dividing the sum of the resulting values by the

overall sum of credits.

- 38.2 The cumulative average score is calculated based on achievements from the first until the present semester. This average is calculated by multiplying each subject score from each semester with the number of credits earned in said subject and then dividing the sum of the resulting values by the overall sum of credits from each semester.

Item 39 A student can repeat a class to accumulate credits based on the following criteria:

- 39.1 When the student has received grade D+ or D, they may seek a re-grade by re-taking the same course.
- 39.2 In the case that a course has been repeated for the purpose of a re-grade, the latest grade will then be counted into the final grade.
- 39.3 When the student has received grades F (fail), U (unsatisfactory), or W (withdraw) in a compulsory course, they may repeat the course until their score reaches the requirement of the course.
- 39.4 Should a student need to re-take classes because of an F- or U-grade, these grades shall be counted into the average score once.
- 39.5 The credit will then be calculated again once the student receives a grade higher than D, or grade S (satisfactory).

Item 40 The record and evaluation of repeated classes shall proceed based on the following criteria:

- 40.1 The students' grades are recorded for every course.
- 40.2 When a class has been repeated, only the last grades earned will be counted into the average score.

Section 9

End of Student Status

Item 41 Student status will be terminated the following conditions:

- 41.1 Death
- 41.2 Resignation

- 41.3 Transfer to another institution
- 41.4 Having student status revoked by the university as outlined in No. 10.8
- 41.5 Inability to pass the assessment as outlined in No. 42
- 41.6 Failure to complete the period of study for a curriculum which starts from the date of the first semester, except for the summer semester. In case of transferring to another faculty or program, the previous duration is counted.
- 41.7 Completion of the program requirements for graduation.
- 41.8 Having student status revoked by the university apart from No. 41.1-41.7

Item 42 Criteria of having student status revoked by Grade Point Average (GPA)

- 42.1 The overall GPA is 0.00 when registering in Credit Attempt-CA which is less than 30 credits.
- 42.2 Earning a GPA less than 1.50 when registering in Credit Attempt-CA which is from 30 to 59 credits.
- 42.3 Earning a GPA less than 1.75 when registering in Credit Attempt-CA which is more than 60 credits.
- 42.4 Earning a GPA less than 2.00 when registering all credits of the curriculum. In case of a GPA of 1.90 and up to 2.00 which is not approved for graduation, students will have to re-enroll in subjects in which they've received a grade lower than "A" in only three semesters, including the summer semester, but not twice over the period of study for a curriculum.
- 42.5 Criteria of having student status revoked by Grade Point Average (GPA) from No. 42.1 to 42.3 showing in the following table.

Credits Attempt-CA	Grade Point Average (GPA) (Warning Status)	Grade Point Average (GPA) (End of Student Status)
0-29	0.01-1.49	0.00
30-59	1.50-1.74	Less than 1.50
60-before completing	1.75-1.99	Less than 1.75

the curriculum	1.90-1.99 Ability to file a request for graduation	Less than 2.00
----------------	---	----------------

Section 10

Admission of Non-Student Status

Item 43 An applicant must meet the specified qualifications of the Head of Division

Item 44 Admission to enroll

44.1 An applicant must file a request more than 30 days in advance before the first day of semester at the faculty or the Education Division.

44.2 An applicant must send documentation of his/her qualifications, background knowledge or experience within a specified date.

44.3 The consideration is approved by the Dean of the faculty or the President of the university.

Item 45 Registration

45.1 An applicant doesn't hold student status with the university.

45.2 An applicant must enroll in up to 9 credits per semester, which is the same student at the university.

45.3 An applicant must pay the university fee and the tuition fee, including the library fee which is the same for all students at saw the university.

Item 46 An applicant is able to file a request for an academic record at the Registration Division or the Education Division. Letter grade symbols, with credit points, are recorded as α (A) α^+ (B⁺) β (B) β^+ (C⁺) γ (C) γ^+ (D⁺) δ (D) and ϵ (F) without calculating a GPA.

Section 11

Graduation Application and Graduate Registration

- Item 47 A student who is eligible to apply for graduation must have the following qualifications:
- 47.1 complete all courses according to the program requirements.
 - 47.2 successfully complete the minimum number of cumulative credits required in the program with a GPA of at least 2.00.
 - 47.3 be in satisfactory conduct that meets the eligibility requirement of graduates with no debt from the university.
 - 47.4 process a graduation application via The Office of Academic Affairs and Registration or Education Division within the first 60 days of the graduating semester.
 - 47.5 A student who does not follow the process of 47.4 will not be included in the graduate list in their graduating semester and must enroll to maintain student status for any additional semesters until the graduation application process is complete.
